

REMARKS

Claims 1-4, 28-32, and 34-36 have been cancelled without prejudice. Claims 37-51 have been added. Support for these newly added claims may be found in the claims as originally filed with the subject patent application, excepting the support of newly added Claim 40 may be found on page 12, lines 5-6. Claims 5-27 and 33 have been amended to obviate the rejection of any claim under 35 U.S.C. §112, either under the first paragraph and/or under the first paragraph. With respect to any rejection under 35 U.S.C. §112, first paragraph, animal has now been claimed to be selected from the group consisting of a cat and a dog.

The paragraph at lines 7-10 on page 1 of the specification has been amended to reflect that the subject continuation-in-part application is no longer copending and is now abandoned.

All pending Claims are now in condition for allowance and an early notice of same is respectfully solicited.

Respectfully Submitted
